

# Moose Blood - Swim Down

Tom: D

She said, ?I guess you let me down again  
 I don?t wanna be just friends  
 Don?t wanna sleep in the living room?  
 And she said, ?I think it's all you  
 You haven?t seemed yourself lately  
 Do you remember that ring you gave me? I do?

She said, ?You?ve been drinking far too much  
 You?ve been drunk every night this week  
 I?m so sick of falling asleep without you?  
 she said, ?Just touch my body  
 And kiss me like you used to?  
 She said, ?Boy, I miss you  
 I miss you?

 ( A D A Bm )

I?ve been thinking about you, girl  
 Sweetheart, I owe you the world  
 Even though you get drunk and shout all the way home  
 I?ve been thinking about you, girl  
 Sweetheart, I owe you the world  
 Even though you get drunk and shout all the way home

Let me hold your hand  
 We can talk about our favourite bands  
 And how Nevermind still blows me away  
 Let me hold your hand  
 We can talk about our favourite bands  
 And how Nevermind still blows me away  
 Let me hold your hand  
 We can talk about our favourite bands  
 And how Nevermind still blows me away
