

# Morgan Wallen - 7 Summers

tom:  
C

Intro:

[Primeira Parte]

C7  
Yeah, you used to talk about  
C7  
Getting even further South  
F7  
Somewhere where the summer lasted all year 'round  
C7  
Probably got a big ol' diamond on your hand right now  
C7  
Maybe a baby or a couple by now  
F7  
Long driveway to a big white house

[Refrão]

Dm  
But I wonder when you're drinking if you  
G  
Find yourself thinking about  
C7 Am  
That boy from East Tennessee  
Dm  
And I know we both knew better  
G  
But we still said forever  
C7  
And that was seven summers  
Am  
Of Coke and Southern Comfort  
Dm G  
Were we dumb or just younger, who knows?  
C7  
Back then, you used to love the river  
Am Dm  
And sippin' on a sixer with me

Does it ever make you sad to know  
G  
That was seven summers ago?

[Pós Refrão]

C7 F7  
Ooh, ooh-ooh, ooh-ooh

[Segunda Parte]

C7  
Yeah, I bet your daddy's so proud  
C7  
Of how his little girl turned out  
F7  
Think she dodged a bullet  
F7  
Of a good old boy like me  
C7  
'Cause I still, go drinkin', same friends on Friday  
C7  
Bought a few acres, couple roads off the highway  
F7  
Guess you never saw things my way anyway

[Refrão]
