

Morgan Wallen - 7 Summers

tom:
A
C
Yeah, you used to talk about
Gettin' even further south
F
Somewhere where the summer lasted
All year 'round

C
Probably got a big ol' diamond
On your hand right now
Maybe a baby or a couple by now

F
Long driveway to a big white house

Chorus 1
Dm
But I wonder when you're drinkin'
G
If you find yourself thinkin'
C Am
About that boy from East Tennessee
Dm
And I know we both knew better

G
But we still said forever
C Am
And that was seven summers of Coke

And Southern Comfort
Dm
Were we dumb or just younger?
G
Who knows?

C
Back then you used to love the river

Am Dm
And sippin' on a sixer with me

Does it ever make you sad to know

G
That was seven summers ago?

Interlude 1
C C F F

Verse 2
C
Yeah, I bet your daddy's so proud
Of how his little girl turned out

F
Thinks she dodged a bullet
Of a good old boy like me
'Cause I still

C
Go drinkin', same friends on Friday
Bought a few acres
Couple roads off the highway

F
Guess you never saw things my way, anyway

Chorus 2
