

Morgan Wallen - Chasin You

tom:

G

We used to chase that Chattanooga freight
Couple a kids in a Chevrolet
Catch a little air when we cross the tracks
Sippin' on somethin' from a paper sack
You hang your shirt on that maple limb
Slippin' through the moon to the river bend
Wasn't very long I's jumpin' in, jumpin' in
I guess I'm, still doin' now, what I's doin' then

[Refrão]

Em D C G
Chasin' you-ou like a shot of whiskey
Em D C G
Burnin' goin' down, burnin' goin' down
Em D C G
Chasin' you-ou like those goodbye taillights
Em D C G
Headin' west to anywhere out of this nowhere town

G
Chasin' that freedom, chasin' that feelin' that got gone too soon

Em D C G
Chasin' that you and me, I only see in my rearview
Em D C G
Hell, I'm layin' here tonight holdin' someone new
Em D C G
Still chasin' you, still chasin' you

(**Em D C G**)

[Segunda Parte]

Em
You always used to talk about LA
I heard you got as far as Santa Fe
Oh wait, you know I tried to track you down

I only got as far as guitar town
Singin' about a girl I used to know, used to know
Well, you should know, that I haven't given up, I'm just on your radio
