[Primeira Parte]

```
                                D Gbm A
Well, I've been throwing down the whiskey
                          D Gbm A
I ought to get my money back
                          D Gbm A
Someone said it drowns a memory
                           D Gbm A
Ah, but it ain't doing jack
                     D              Gbm
Yeah, I've been sippin', I've been buzzing
                    A
Shooting doubles like it's nothing
            D           Gbm      A
Aw, but nothing makes it go away
```

[Refrão]

```
                       D   Gbm A                     D
Gbm A
I need something "you proof," something stronger than I'm used
to
                       D       Gbm      A
D  Gbm   A
I've been pouring 90 to 100 feelin' like nothing's gonna cut
it, that's the hard truth
                         D    Gbm A                   D
Gbm A
Yeah, I need something "you proof," aw, I need something "you
proof"
```
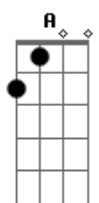

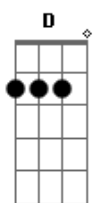

[Segunda Parte]

```
 D                    Gbm        A
Put 'em up till they shut 'em down, yeah
       A
You never ain't not around, yeah
 D                Gbm          A
Don't matter what time, what town, I can't get you gone
 D            Gbm      A
Turned a bar yeah upside down, just looking for something that
```
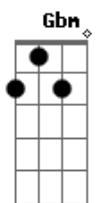

```
does it
 D             Gbm        A
I'll give them all my money
```

[Refrão]

```
A                                D   Gbm A
Ain't nobody selling nothing "you proof"
                             D   Gbm A
Something stronger than I'm used to
                           D       Gbm      A
Yeah, I've been pouring 90 to 100 feelin' like

Nothing's gonna cut it, that's the hard truth
                          D   Gbm A                   D   Gbm A
I need something "you proof," I need something "you proof"
```

[Ponte]

```
                         D              Gbm        A
Yeah, I've been mixing liquors trying to get you gone
                     D            Gbm       A
But I guess I must be doing something wrong
                       D            Gbm       A
'Cause I've been working hard to fade your memory
                    D          Gbm      A
Baby, but the only thing faded is me
```
