                Dbm (forma dos acordes no tom de Am )
Capostraste na 4ª casa
Intro: Am7  F  C  G
```

[Primeira Parte]

```
            Am7
If I was your car
            F
I'd turn you 'round
            C
If I was your radio
                       G
I'd play our song right now
            Am7
If I was your memory of me
                          F
I'd keep running, running

'Til your fingers started thumbing
                     C
Through your phone
                            G
And tell me that you're coming home
```

[Refrão]

```
            Am7
If I was your bartender
                       F
I'd mix 'em up strong in a tall blender

'Til the last one's gone
C
   Yeah, I'd play every heartbreak song
        G
On the jukebox 'til your tear drops

They fell on that bar top
Am7
   Keep you drinking, get you thinking
     F
I'm right where you need to be

If I was your bartender
     G                   C
I'd talk you out of leaving me
```

[Segunda Parte]

```
            Am7
If I was your Bible
                   F
I'd turn the page to forgiveness
            C
If I was your bed
                     G
I'd be ic? cold without me in it
                        Am7
If I was your dream
                   F
I'd keep running, running

Through your mind
                              C
'Til ther? was nothing you could do
                    G
But call me up out of the blue, yeah
```
