

Morphine - The Saddest Song

tom:

Bm

Bm **A**
On my first day back, first day back in town

Bm **A**
First day, my first day back in town

Bm **A**
The clouds up above they were humming our song

Bm **A**
Humming humming our song

Bm **A**
My biggest fear is if I let you go

G **Gb**
You'll come and get me in my sleep

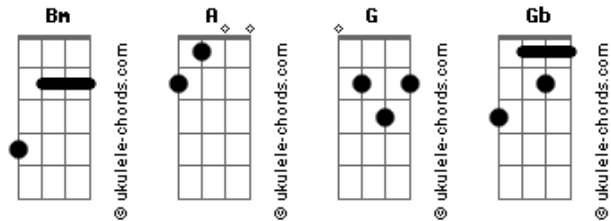

Bm **A** **Bm** **A**
My biggest fear is if I let you go

G **Gb**
You'll come and get me in my sleep

Bm **A** **Bm** **A**
Come and get me

Bm **A**
I set my course sailed away from shore

Acordes

Bm **A**
Steady steady as she goes

Bm **A**
I crash in the night two worlds collide

Bm
But when two worlds collide

A
No one survives no one survives and

Bm **A**
The reddest of reds the bluest of blues

Bm **A**
The saddest of songs I'll sing for you and

Bm **A**
My biggest fear is if I let you go

G **Gb**
You'll come and get me in my sleep

Bm **A**
My biggest fear is if I let you go

G **Gb**
You'll come and get me in my sleep

Bm **A** **Bm** **A**
Come and get me come and get me in my sleep
