

Morrissey - How Could Anybody Possibly Know How I Feel?

Tom: C

Standart tunning

main riff (INTRO E VERSOS)

Intro: G Bb Am C G Bb
 Am C
 She told me she loved me, Which means, She must be insane
 G Bb C Eb D C G
 Bb C
 I've had my face dragged in , Fifteen miles of shit, And I do
 not, And I do not, And I do not like it
 Main Riff
 So how can anybody say, They know how I feel, The only one
 around here who is me, Is me

They said they respect me, Which means, Their judgement is
 crazy

G Bb C Eb D C G
 Bb C
 I've had my face dragged in, Fifteen miles of shit, And I do
 not, And I do not, And I do not like it

Main Riff

So how can anybody say, They know how I feel, When they are
 they, And only I am I
 He said he wants to befriend me, Which means, He can't
 possibly know me

C G C G F
 G A riff 2
 The voices of the real, And the imagined cry, The future is
 passing you by, The future is passing you by

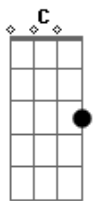

MAIN RIFF

So how can anybody possibly think they know how I feel,
 Everybody look, See pain, And walk away
 And as for you in your uniform, Your smelly uniform, You think
 you can be rude to me
 Because you wear a uniform, A smelly uniform, And so you think
 you can be rude to me

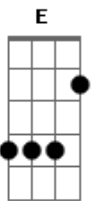

But even I, As sick as I am, I would never be you
 Even I, As sick as I am, I would never be you
 Even I, Sick and depraved, A traveller to the grave
 I would never be you, I would never be you
