I was dead, but now I?m dancing
                                                            And I know it
You?re the reason I?m still standing
                                                            Oh, I need you Jesus

You loved me at my lowest
