

# Mosaic MSC - Your Love Will Never Change

tom:  
Intro: G Gbm D Em Gbm A

[Primeira Parte]

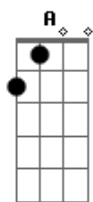

I know nothing  
Could ever come close  
To your goodness and peace  
So tender and sweet  
When I stumble  
Of my own volition  
It leaves me wanting  
It leads me back to your door

[Refrão]

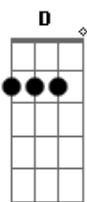

Anytime any place any pain  
Your love will never change  
Through the highs, Through the lows  
Your love will never change  
Never quits, never fails  
Your love will never change  
In my doubts, in my shame  
Your love will never change  
Your love will never change

( Gbm Bm A )

[Segunda Parte]

Change my vision  
I want to see you  
Give me meaning and direction  
Let me live in your perfection  
Cause there's no one  
That I could run to  
With chaos overwhelming  
You're the one I turn to

[Interlúdio] Em G A  
G A

[Ponte]

Where could I hide from you love?  
Nowhere, nowhere  
Could I ever fall from your Grace?  
No way, no way  
Who else could do what you do?  
No one, no one  
Where could I hide?  
Where could I go?  
Final  
Your love will never change
