Intro: Riff 1 (2x)

Riff 1

The wind is cold where I live, the blizzard is my home,

Riff 1

Snow and ice and loaded dice, the Wizard lives alone,

Riff 1

The wind is cold where I live, white and cold, and clean,

Riff 1

White and cold and bought and sold and heartbreak in between,

Riff 2

And so we shall see what is done and done and done.

Riff 1

Trees are stone where I live, leaves of razor steel,

Riff 1

High and low and ice and snow, broken on the wheel,

Riff 1

Trees are stone where I live, flowers made of glass,

Riff 1

Cold and white and wrong and right and voices from the past.

Riff 2

And all our yesterdays are now undone. Out of the sun

Riff 3

Frozen and insane, I alone remain,

Riff 3

Held in the vice of my disdain,

Riff 4

There is now way that anyone will ever, make me warm again.

Solo: Riff 1 (4x) Riff 4

Riff 1

Life is death where I live, frozen grin my smile,

Riff 1

Sun is moon and out of tune, broken strings and bile,

Riff 1

Death is life where I live, hearts turned into stone,

Riff 1

Frozen breath, and froze death and prisons made of bone.

Riff 2

And so we shall see what become's become. Out of the sun.
