Mouse Rat - The Pit

Tom: C

```
                   G
The pit
              C
I was in the pit
                 F
You were in the pit
                   G
We all were in the pit

G
The pit
              C
I was in the pit
                 F
You were in the pit
                 G
We all fell in the pit

     G
The pit
              C
I fell in the pit
                F
You fell in the pit
                  G
We all were in that pit

     G
The pit
              C
```

```
I fell in the pit
                F
You fell in the pit
                 G
We all fell in the pit

G
Sometimes life's gonna get you down
C
Hit the ground running, take a look around
          F
You think you found love
                         G
But you're standing in the pit

G
Sometimes life's gonna get you down
C
Hit the ground running, take a look around
        F
You think you found love
                         G
But you're standing in the pit

     G
The pit
              C
I was in the pit
                 F
You were in the pit
                 G
We all fell in that pit
```
