Thanks to PANFI (my friend Federico from Cadidavid-VERONA)
for the CDs, and
for his passion for this group.

This is a great acoustic song, with a lot of guitars involved.
I simplified
two guitars into one for the melody (except for the solo) and
I didn't mind
the guitar that plays only harmonics (there are many all
through the song).
Enjoy (even if it isn't easy)!!

Here I sit halfway to somewhere
thinking 'bout what's in front of me and what I left behind
on my own, supposed to be so easy
is this what I've been after
or have I lost my mind
maybe this is my big chance coming to take me away

[Chorus] If I should stumble on my moment in time, how will I
know

if the story's written on my face, does it show

or am I fool going where the wind blows
