I know you think I think too much

Dirty love, all I want are your eyes on mine
Am
And underneath of it all
G F
I dream of a thousand shooters
F7M
Hallelujahs, are unable to save us

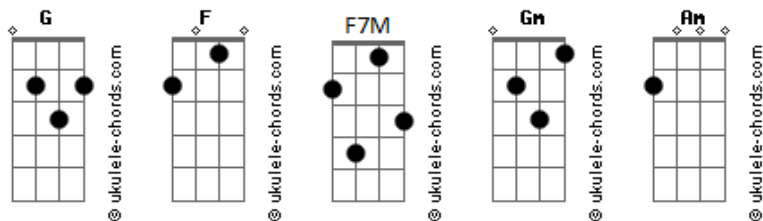

[Chorus]

Am
But did I ever want love?
G
Or, did I ask too much?
F
Young dirty love, come get us strung
F7M
Let's cover up what we really want

[Segunda Parte]

Am
And, all you see and all you feel
G
Are skin and bones they don't hold the show like real love
F
No, you can't control who you really are or what you really want
F7M

Acordes

Am
So, I met you in the hotel, dim little lobby
G
I've been on the road since you last saw me
F F7M
And I don't need a reason to bleed until we're even

[Chorus]

Am
But did I ever want love?
G
Or, did I ask too much?
F
Young dirty love, come get us strung
F7M
Let's cover up what we really want

(Am G F F7M)

[Final]

Am
Oh, is it any wonder our love
G
Isn't what we thought it was?
F
Is it any wonder our love
F7M
Isn't what we thought it was?
Am
Is it any wonder, oh lord
G
Is it any wonder our love
F
Isn't what we thought it was?
F7M
When all we do is hurt ourselves
