[Primeira Parte]

Am
I know you think I think too much

And underneath of it all

Hallelujahs, are unable to save us

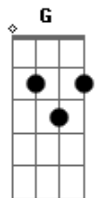

[Chorus]

Am
But did I ever want love?
G
Or, did I ask too much?
F
Young dirty love, come get us strung
F
Let's cover up what we really want

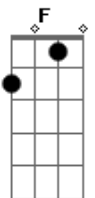

[Segunda Parte]

Am
And, all you see and all you feel
G F
Are skin and bones they don't hold the show like real love
F
No, you can't control who you really are or what you really want
