

# Mumford & Sons - Blind Leading The Blind

tom:

Intro: F G C E

F G C C  
My generation's stuck in the mirror  
E E7  
Forget about the poor

?Cause I don't like the word F  
G C C  
And i need to know the name of my neighbor  
E E7 F  
I am not known if I'm not seen or heard  
G C C  
And I am afraid of that which I do not know  
E E7 F  
So why don't I just ask your fucking name  
G C C  
Justice just gets buried in a white light  
E E7 F  
I heard there was a time you'd call it shame

( F C F G Em )  
( F C F G Em )

F C F  
So put your hand in mine tonight  
G Em F  
And I will be here  
C F  
When you're crying out tonight  
G Em F  
I will be here

( F C F G Em )  
( F C F G Em )

F G C C  
Your cynicism buys me no more time here  
E E7 F

Imagine my relief to hit the walls  
G C C  
Running from the weight of ancient labels  
E E7 F  
And leaving what identity there was  
G C C  
Well my generation's stuck in the mirror  
E E7  
Forget about the poor

?Cause I don't like the word F  
G C C  
And I need to know the name of my neighbor  
E E7 F  
I am not known if I'm not seen or heard

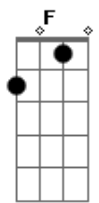

F C F  
So put your hand in mine tonight  
G Em F  
And I will be here  
C F  
When you're crying out tonight  
G Em F  
I will be here

F G C E  
Let's raise our hands for a moment  
F  
Leave it all behind  
G C E  
Don't be afraid for a moment

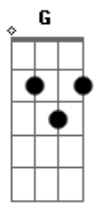

The blind leading the blind

F C F  
So put your hand in mine tonight  
G Em F  
And I will be here  
C F  
When you're crying out tonight  
G Em F  
I will be here
