verse 1
It's in my blood it's in my water
You try to tame me, tame me from the start
When the din is in your eye, flash your flesh
Desperate for a need to rise

Pre-Chorus
With a silver crystal on
How well you used to know how to shine
In the place that's safe from harm
I had been blessed with a wilder mind

tabrefrão
F Am G F
You can be every little thing you want nobody to know
And you can try to drown out the street below
And you can call it love
If you want
refrão
