

# Mundo Sem Sinal - Sinestesia

Tom: C

m [Intro] Cm Eb Fm G7

Respirou meu ar

Nem deu tempo de segurar

Tomou controle pelo olhar

Calado fogo a se queimar

Desandei com o seu andar

Bebi da sua voz

Sussurei um beijo entorpecendo o tempo

Fm G7

Diante de nós

Dancei ao lado teu, como se fosse um corpo só

Com ti cantei poemas de uma noite boa

Com ti sonhei, por todo canto

Com ti senti meu eu completo num instante

Então

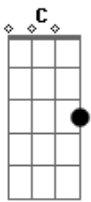

Deixe queimar esse mar transbordando nós dois

Fa is ca, Olhar, Bocas, Desejo a inundar

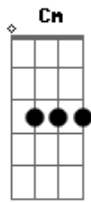

Enganando a luz do dia a nao raiar

Dois em um, sem depois, só nós dois
