

# Munn - I Lost Myself

tom:

D

G

I lost myself that night

D

I threw it all away

A

Those are the things I've hated

F

Then I went and caved in

G

I'm a mess right now

D

My heart is in two places

A

Half is back at home

The other's off and racing

I've been

Running and running and running and running away

I know they'll catch me

Running and running and running two opposite ways

Two opposite ways

I can't let my past catch me now, me now

I can't let my past drag me down, me down

I lost myself that night

I threw it all away

Recall my mother's words

But it was far too late

I feel the burden now

It's weighing down my soul

And I can't catch my breath

'Cause these demons follow

I've been

Running and running and running and running away

I know they'll catch me

Running and running and running two opposite ways

Two opposite ways

I can't let my past catch me now, me now

I can't let my past drag me down, me down

I can't let my past catch me now, me now

I can't let my past drag me down, me down

Swear I've changed

But you don't care that

I'm not the same

You'll always haunt me

I swear I've changed

But you don't care that

I'm not the same

I can't let my past catch me now, me now

I can't let my past drag me down, me down

I can't let my past catch me now, me now

I can't let my past drag me down, me down
