

Naked Cameo - Phony

tom:
[Primeira Parte]
Something I can do without
It's not something I don't need just to
Clear things up for you
It goes without saying that it doesn't
Mean anything
It's not like I don't want you around

[Refrão]
And honey, let me be the one to be
Coming right to your side
Alright?
I'll show you everything and i'm
Stepping out of the light
Surprise!

Yeah out of sight out of mind
And i know nobody's calling
Nobody's giving me a hard time
Though I wouldn't mind if you were a
Phony
I'd just attempt to figure right from
Wrong

[Segunda Parte]
I don't have any questions for you
And i wouldn't think of one if you ask
Me to
No one can cure me now
But you're going to hit the street

Thatch an overdose for me
[Refrão]
And honey, let me be the one to be
Coming right to your side
Alright?
I'll show you everything and I'm
Stepping out of the light
Surprise!

Yeah out of sight out of mind
And i know nobody's calling
Nobody's giving me a hard time
Though I wouldn't mind if you were a
Phony
I'd just attempt to figure right from
Wrong

[Refrão]
And honey, let me be the one to be
Coming right to your side
Alright?
I'll show you everything and I'm
Stepping out of the light
Surprise!

Yeah out of sight out of mind
And i know nobody's calling
Nobody's giving me a hard time
Though I wouldn't mind if you were a
Phony
I'd just attempt to figure right from
