G
I had that dream late last night

I was yours and you were mine

Watched you fade into the morning light, again

And I don't mean to change your mind
D
We've had this talk a hundred times
G **Em**
It's raining like a river down my eyes
C
And I don't want to talk about
D
How our hearts are doing now
G **Em**
God knows the both of us have tried
C
We were so in love, just a couple kids
D **G**
It's a long way back, again

G
A few left turns, and honey we got lost
D **C**
But I still kept my fingers crossed
C
Wish I could take a train
D **G**
Back to us, again

C
And I don't mean to change your mind
D
We've had this talk a hundred times
G **Em**

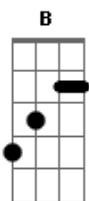

It's raining like a river down my eyes

C
And I don't want to talk about
D
How our hearts are doing now
G **Em**
God knows the both of us have tried
C
We were so in love, just a couple kids
D **G**
It's a long way back, again

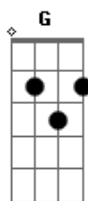

C
If only you and I would just
D
Forget the world a while
G
It'd be so easy
C
If only years and sparks would just
D
Surrender to our hearts
G
You'd be right with me
Em
Cause I still carry you with me

C
And I don't mean to change your mind
D
We've had this talk a hundred times
G **Em**
It's raining like a river down my eyes
C
And I don't want to talk about
D
How our hearts are doing now
G **Em**
God knows the both of us have tried
C
We were so in love, just a couple kids
D **G**
It's a long way back, again
