

# Nat Manganoti - Promise To Myself

tom:

Intro: C C F C C F

When I say that I love you  
I only mean how I trust you

When I say to go away  
It's when you know you need to stay

When I hide myself in the dark  
All I please you: remind me my light

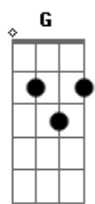

When I cry or when I smile  
All I want is you by my side

I realize that this is hard but when I  
Find myself again I promise you  
Will be alright

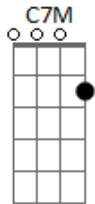

I'll be fine  
I'll be my girl again I promise you  
Will be alright  
I'll be fine  
I'll recover what I miss I promise you  
I'll be my light  
( C C F )

I realize that this is hard but when I  
Find myself again I promise you  
Will be alright  
I'll be fine  
I'll be my girl again I promise you  
Will be alright  
I'll be fine  
I'll recover what I miss I promise you
