

Nat Manganoti - Promise To Myself

tom:

Intro: C C F C C F

When I say that I love you
I only mean how I trust you

When I say to go away
It's when you know you need to stay

When I hide myself in the dark
All I please you: remind me my light

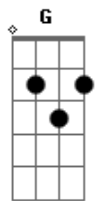

When I cry or when I smile
All I want is you by my side

I realize that this is hard but when I
Find myself again I promise you
Will be alright

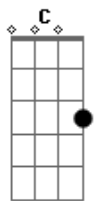

I'll be fine
I'll be my girl again I promise you
Will be alright
I'll be fine
I'll recover what I miss I promise you
I'll be my light
(C C F)

I realize that this is hard but when I
Find myself again I promise you
Will be alright
I'll be fine
I'll be my girl again I promise you
Will be alright
I'll be fine
I'll recover what I miss I promise you
