

Natalie Jane - Mentally Cheating

tom:
Capostrate na 3ª casa

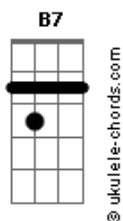

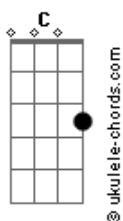

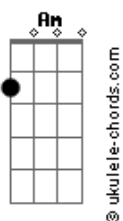

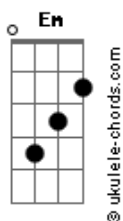

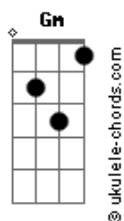

At a party yesterday
Saw the room where you and me
Had some fun, you thought it was love
Now I'm stuck here reminiscin'

And I try day and night
Oh, to somehow draw a line
Wanna cross it all the time

I think I'm mentally cheating
How could I be so disobedient?
I'm just eighteen, don't have experience
Can't help the fact that I caught feelings, oh-oh
I think I'm mentally cheating, oh, cheating, cheating (oh)
I think I'm mentally cheating, oh, cheating, cheating
I think I shouldn't be lookin' in those eyes
Why do they give m? butterflies?
Can't expr?ss how obsessed
Is it purely the attention?
I'm just tryin' to decide
If I stay, I'd have to lie
To myself, feels like hell
To be in love with someone else

And I try day and night

Acordes

Oh, to somehow draw a line
Wanna cross it all the time

I think I'm mentally cheatin'
How could I be so disobedient?
I'm just eighteen, don't have experience
Can't help the fact that I caught feelings, oh-oh
I think I'm mentally cheating, oh, cheating, cheating (oh)
I think I'm mentally cheating, oh, cheating, cheating

So goodbye, I'm out of time
Only said I love you twice

I know that it's not a crime
I need more to keep you mine
So goodbye, it's alright
Baby, it's a part of life
Something's gotta sacrifice

I think I'm mentally cheatin'
How could I be so disobedient?
I'm just eighteen, don't have experience (I'm just eighteen)
Can't help the fact that I caught feelings, oh-oh

I think I'm mentally
Oh, oh, cheating, oh, cheating, cheating (oh)
Mentally cheating, oh, cheating, cheating
I think I'm mentally cheating
