

Nathaniel Rateliff - I Need Never Get Old

Tom: G

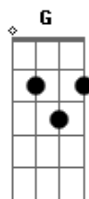

G x8
G D C G x2

G D Can we be there, oh, just think of the time D
Thought of love so strange, said you never knew G
While I try my best, hey, to cover our eyes D
It's a common way to blame and hide the truth G
I know that some will say, it matters but little, babe C
Ah, but come on and mean it to me, I need it so bad D
I needed to try, needed to fall G
I needed your love I'm burning away, I need never get old C
G D C G x2

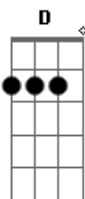

G D Taking our time, ah, just standing in the rain
Meaning what you said, ah, and mean it to me G

G D All of these lies, oh, and never again
Come on and say it now, say it's a game G
I know that some will say, it matters but little, babe C
Ah, but come on and mean it to me, I need it so bad D
Ah, mean it to me, I need it so bad, mmmmmmm G
I needed to try, needed to fall D
I needed your love I'm burning away, I need never get old C
I said I needed to try, needed to fall D
I needed your love I'm burning away, I need never get old C
I said I needed to try, needed to fall now, baby D
I needed your love I'm burning away, I need never get old C
I need never get old, I need never get old G
I need never get old, I need never get old G
