

Nazareth - Big Boy (Live Version)

Tom: A

Intro: 2x: E D A

A shoe shine boy gave me a nickel
 With a smile on his face
 The school kids would give me some gin, if I would let them
 in

They were shaking all over

Got a call from a friend with a lonely lady on his arm

Woke up in my garage, I was holding my own

I can't remember where I'd been

I was aching all over

Rolling on the stone

I was aching all over, rolling on the hard stone.

Ooh, what a night you can have when you're a big boy

Ooh, what a night you can have when you're a real big boy

Ooh, what a night you can have when you're a big boy

Ooh, what a night you can have when you're a real big boy

Kissin' cousins just ain't my style

Not like some knight in shining armour

Touring with the sideshow, that was my blow

Uuh, but we hung on for the fun

Uuh, lots of fun for everyone

Ooh, what a night you can have when you're a big boy

Ooh, what a night you can have when you're a real big boy

Ooh, what a night you can have when you're a big boy

Ooh, what a night!

Solo: E D A (3x)

B Dbm

Till the danger man with his danger plan

He took me aside, and then he took me apart

I was a young man with love in my heart

How he made me pay

It was the hard way

It was the hard way

Ooh, what a night you can have when you're a big boy

Ooh, what a night you can have when you're a real big boy

Ooh, what a night you can have when you're a big boy

Ooh, what a night you can have when you're a real big boy

Solo: C G (4x)

Ooh, what a night you can have when you're a big boy

Ooh, what a night you can have when you're a real big boy

Ooh, what a night you can have when you're a big boy

Ooh, what a night you can have when you're a real big boy

What a night you can have!

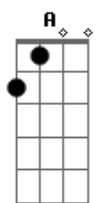

What a night you can have!

What a night you can have!

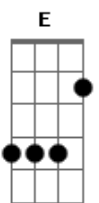

What a night you can have!

What a night you can have!
