G / / / **Bm** / / / **C** / / / **Am** / **Em** /

Verse:

G

Where did all the feelings go?

Bm

What about that happy glow?

C

Was that so long ago,

Am **C**

When we were first in love?

G

I didn't feel the change,

Bm

Everything was still the same.

C

And when that moment came,

Am **Em**

I didn't know.

Verse:

I miss the feeling,

I miss the light,

But I got faith in something,

I'll never give up the fight.

Why's it so heavy,

This love of mine?

I lost the feeling,

I lost the time.

Chorus:

G **Bm** **C**

I'd like to shake your hand, Disappointment

Am **C** **G** **Bm** **C** **Am** **Em**

Looks like you win again, but this time might be the last.

Instrumental: (over Verse chords)

G / / / **Bm** / / / **C** / / / **Am** / **C** /

G / / / **Bm** / / / **C** / / / **Am** / **Em** /

Verse:

Let's say I got a habit

Let's say it's hard to break

Let's say we got to do something

Before it's just too late.

I want to get you back

I don't know how to do that

I miss you loving me

The way you used to.

I'm taking the blame myself

For livin' my life in a shell

And now I'm breakin' out

But will you still be there.

Let's say that love is blind

Let's say that time is kind

Let's say that it's not over

'Til it's over.

Chorus:

I'd like to shake your hand, Disappointment

Looks like you win again, but this time might be the last.

Instrumental: (over Verse chords)

G / / / **Bm** / / / **C** / / / **Am** / **C** /

G / / / **Bm** / / / **C** / / / **Am** / **Em** /

G / / / **Bm** / / / **C** / / / **Am** / **C** /

G / / / **Bm** / / / **C** / / / **Am** / **Em** /

Verse:

I'm savin' the best for last

Let's leave this all in the past

The beauty of loving you

Is what we've both been through

So now it's up to me

To set your spirit free

So you can swing again

On our gate

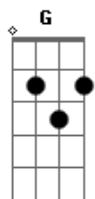

Chorus:

I'd like to shake your hand, Disappointment

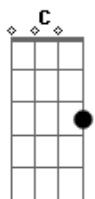

Looks like you win again, but this time might be the last.

(End on **G**)
