

# Neli Giorgi (Neli G) - You've Always Known

tom:

Intro: Eb Cm Eb

Days don't feel so long

And winds don't blow so hard

The rainfall doesn't seem so bad right now

Somehow

Nights don't feel so dark

There's a light inside your heart

The cold I feel don't seem so real right now

Somehow

Hold me tight

My love, my light

Who knows what I

Would be without you

I don't need to say how I feel

'Cus you've always known

Weeks don't feel so slow

There's a light inside my soul

And all I dreamed is next to me, right now

Somehow

Hold me tight

My love, my light

Who knows what I

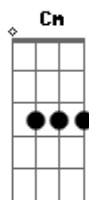

Would be without you

I don't need to say how I feel

'Cus you've always know
