NeverShoutNever - Break Up Song

Tom: F

I'm just a robot
Gm
I have no fears
C7
I lack emotion
F
And I shed no tears
Dm A Bb
And I'm just a coma
Gm
A deadly sleep
C7
My heart is breakin'
F
But I just can't weep
Dm A Bb
So babe I want you to cry,
F
And I want you to cry for me,
Dm
I don't want you to lie to me,
Bb
And say that it will be alright,
F C
And I want you to say goodbye,
F
But I want you to mean it,
Dm
And I want you to find a man,
Bb
Who's gonna treat you right
F C
And I'm just a virus
Gm
Inside you head
C7
You lay awake in your hospital bed
F Dm A Bb
And I ain't no doctor
Gm
But I know your sick
C7
Your sick of the bullshit and state I'm in
F Dm A Bb
That's why I want you to cry,
F
And I want you to cry for me,
Dm
I don't want you to lie to me,
Bb
And say that it will be alright,
F C
And I want you to say goodbye,
F
But I want you to mean it,
Dm
And I want you to find a man,
Bb
Who's gonna treat you right
F C F
I'm pretty sure hat's right.
