D
That she was only 15
A

But I know she is so much better **D**
A
Then to give it all away
To the first guy,
First try,
First lie,
A **D**

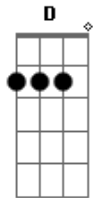

First goodbye.

D
Just the other day she was a little girl **Gb**
G
Taking over the world
A
With her laugh.

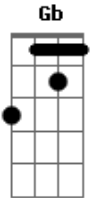

D
But just the other day I saw that little girl **Gb**
G

A
And I can't say I've ever been so proud **G**
D
That she is only 15
A
But she is more than willing
To take a chance,
A
To find romance,
To grow up fast.

G
But I know she is so much better **D**
A
Then to give it all away
To the first guy,
First try,
First lie,
A **D**
First goodbye.
