

Never Shout Never - Fifteen

Tom: D

^D
Just the other day she was a little girl
^G
Taking over the world
^A
With her smile

^D ^{Gb}
But just the other day I saw that little girl
^G
Taking a tongue down her throat
^A ^G
By a boy that didn't give a damn
^D
That she was only 15
^A
'Cause she was more than willing
To take a chance,
^A
To find romance,
To grow up fast.

^G ^D
But I know she is so much better
^A
Then to give it all away
To the first guy,
First try,
First lie,
^A ^D

First goodbye.

^D ^{Gb}
Just the other day she was a little girl
^G
Taking over the world
^A
With her laugh.

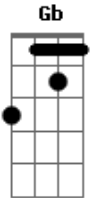

^D ^{Gb}
But just the other day I saw that little girl
^G
Taking her time with him
^A ^G
And I can't say I've ever been so proud
^D
That she is only 15
^A
But she is more than willing
To take a chance,
^A
To find romance,
To grow up fast.

^G ^D
But I know she is so much better
^A
Then to give it all away
To the first guy,
First try,
First lie,
^A ^D
First goodbye.
