

# NeverShoutNever - Losing It

Tom: **G**

**G**  
All we ever did was move around **D**

**Em**  
I was always the new kid

**C**  
Never the cool kid

**G**  
All I ever wanted to do **D**

**Em**  
Was to fall in love

**C**  
Just to be in love

**Em**  
But my heart was racing

**C**  
My mind was screaming

**G**  
You've got your whole life

**D**  
To do these things

**Em**  
But my legs were shaking

**C**  
My hands were searching for

**G**  
Her in the backseat of my car **D**

**C** **D** **Em** **G**  
I just lost it

And I can't believe it

**G** **D**  
I knew I was only sixteen

**Em**  
But I thought I loved her

**C**  
And it'd last forever

**G** **D**  
But only if I knew

**Em**  
That she wasn't true

**C**  
How could she do this to me

**Em**  
But my heart was racing

**C**  
My mind was screaming

**G**  
You've got your whole life

**D**  
To do these things

**Em**  
But my legs were shaking

**C**  
My hands were searching for

**G** **D**  
Her in the backseat of my car

**C** **D** **Em** **G**  
I just lost it

And I can't believe it

( **C** **D** **Em** **G** )
