

# NeverShoutNever - Lousy Truth

Tom: A

(com acordes na forma de Capostrate na 2ª casa G )

Intro: / Verso:

Girl, I've been thinking a lot  
about who we could have been  
if i was back home  
just chilling with you and all my friends  
But dear I'm gone  
and that's the lousy truth  
For the past 3 years  
I swear I've been a better man  
than who Ive become  
i know i know i know I let you down

But I've been gone  
for too damn long

Refrão:

So if you go away  
right now that i can't guarantee  
that i won't break your heart  
But if you go stay then baby  
That i will hope and pray that you would run away  
Cause dear it breaks my heart  
to see you here

So shine outward, not inward  
you've been a selfish little girl  
for the past 3 years  
I've been through more than you can know  
and God I don't want you to know

But I have been through  
cause you just wouldn't understand  
you're just a girl with some issues  
as bad as it might sound

But you're the girl who's been driving me mad

So if you go away  
then know that i can't guarantee  
that i won't break your heart  
But if you go stay then baby  
That i will hope and pray that you would run away  
Cause dear breaks my heart  
to see you here

So go to school in Chicago  
find a new boy, a new life  
a whole new set of friends  
Cause all that I've ever do is break your heart

and dear it breaks my heart

to see you here

And dear it breaks my heart

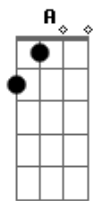

to see you here

But just so you know...

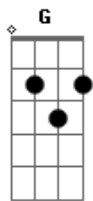

I've been thinking a lot of  
who we could have been  
if i was back home  
just chilling with you and all my friends

But dear I'm gone  
and that's the lousy truth.
