

NeverShoutNever - Simplistic Trance / Like Getaway

Tom: C

I been thinking lately
I think too much but frankly
I just wanna get out this town and find a quiet place to be
A place where dreams can come true
A land made just for me and you
Let's just get out this town and find a quiet place to be

Cause' it don't have to be too far away
Just a simplistic trance, like getaway
It don't have to be a place to stay
Just a simplistic trance like getaway
Honey, lets just go
And let go of what we know

I don't want to wake up
From this dream that I have dreamed up
I just wanna get out this town
and find a quiet place to be
A place where dreams can come true
A land made just for me and you
Lets just get out this town and find a quiet place to be
Cause' it don't have to be too far away

just a simplistic trance, like getaway
It don't have to be a place to stay
Just a simplistic trance like getaway
Honey, lets just go
And let go of what we know
Honey dew, I wouldn't trade you for the world
You are my dream that has come true
You give me opportunity to recreate reality
Into a place where we are free to dance and sing eternally
You are the missing half of me
These moments turn to hours,
hours turn to days,
turn into weeks,
turn into months,
turn into years,
turn into life times with you dear

Cause' it don't have to be too far away
just a simplistic trance, like getaway
It don't have to be a place to stay
Just a simplistic trance like getaway
Honey, lets just go
And let go of what we know
