

New Empire - A Little Braver

Tom: **D**

With **D** December comes the glimmer on her face **Gbm7**
 And I get a bit nervous, I get a bit nervous now **Bm** **G7**
 In the twelve months on I haven't made friends with change **D** **Gbm7**
 So everything's perfect, can we start over again? **Bm** **G7**

A **Bm** **G7**
 The playgrounds they get rusty and your heart beats another
 Ten thousand times **A**
 Before I got the chance to say, I missed you **Bm** (**E** **Gb** **G**)

D **Gbm**
 When it gets hard, I get a little stronger now
 I get a little braver now **G7**
 And when it gets dark, I get a little brighter now **D** **Gbm**
 I get a little wiser now **G7**

Before I give my heart away **D**
 Well we met each other at the house of runaway **Gbm7**
 I remember it perfectly, we were running on honesty **Bm** **G7**
D **Gbm7**

We moved together like a silver lock and key **Bm** **G7**
 But now that your lock has changed, I know I can't fit that way **G7**

A **Bm** **G7**
 The playgrounds they get rusty and your heart beats another
 Ten thousand times **A**
 Before I got the chance to say, I want you **Bm** (**E** **Gb** **G**)
 Well we met each other at the house of runaway **D** **Gbm7**
 I remember it perfectly, we were running on honesty **Bm** **G7**
 We moved together like a silver lock and key **D** **Gbm7**
 But now that your lock has changed, I know I can't fit that way **Bm** **G7**
