

# New Empire - A Little Braver

Tom: **D**

With **D** December comes the glimmer on her face **Gbm**  
 And I get a bit nervous, I get a bit nervous now **Bm** **G7**  
 In the twelve months on I haven't made friends with change **D** **Gbm**  
 So everything's perfect, can we start over again? **Bm** **G7**

**A** **Bm** **G7**  
 The playgrounds they get rusty and your heart beats another  
 Ten thousand times **A**  
 Before I got the chance to say, I missed you **Bm** ( **E** **Gb** **G** )

**D** **Gbm**  
 When it gets hard, I get a little stronger now **G7**  
 I get a little braver now **D**  
 And when it gets dark, I get a little brighter now **Gbm** **G7**  
 I get a little wiser now **G7**

Before I give my heart away **D**  
 Well we met each other at the house of runaway **Gbm**  
 I remember it perfectly, we were running on honesty **Bm** **G7**  
**D** **Gbm**

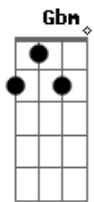

We moved together like a silver lock and key **Bm** **G7**  
 But now that your lock has changed, I know I can't fit that way **G7**

**A** **Bm** **G7**  
 The playgrounds they get rusty and your heart beats another  
 Ten thousand times **A**  
 Before I got the chance to say, I want you **Bm** ( **E** **Gb** **G** )  
**D** **Gbm**  
 Well we met each other at the house of runaway **Bm** **G7**  
 I remember it perfectly, we were running on honesty **D** **Gbm**  
 We moved together like a silver lock and key **Bm** **G7**  
 But now that your lock has changed, I know I can't fit that way **G7**
