

# New West - This Little Story

tom:

Am

I won't run out of songs to tell you I love you  
 And I won't be done?til you say?I do  
 And when we grow old?babe  
 Heaven will know that we made it through  
 Just me and?you

[Primeira Parte]

It?s?the?way you say??hi?  
 When you do?you?re kind of shy  
 But not the times when you?re with me  
 And you?re too loud when you laugh  
 When you?re talking with your hands  
 And I just want you to kiss me

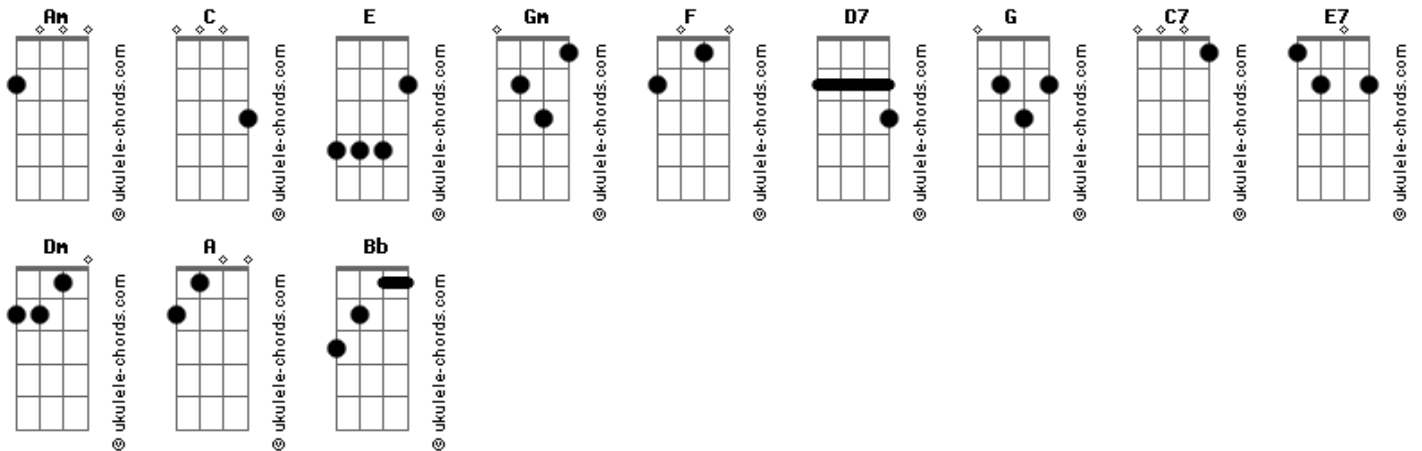

[Pré-Refrão]

But maybe there?s more to this little story

[Refrão]

I won't run out of songs to tell you I love you  
 And I won't be done?til you say?I do  
 And when we grow old?babe  
 Heaven will know that we made it through  
 Just me and?you

## Acordes

[Ponte]

And every time we say goodbye  
 You hold my hand too tight  
 And then you cry when I kiss you  
 And every letter that you sign  
 There's a heart over the ?I?  
 Each time you write ?I miss you?

( Bb G )

[Segunda Parte]

When you?re lying next to me  
 And you?re talking in your sleep  
 You?re so damn sweet when you?re dreaming  
 And the mornings we wake up  
 When we?ve had a bit too much  
 We made love ?til the evening  
 [Pré-Refrão]

But maybe there?s more to this little story

[Refrão]

I won't run out of songs to tell you I love you  
 And I won't be done?til you say?I do
