tom:

**D**

Baby, I saw you crying today **D7**

Well my heart hurt right away **G7 D7**

I couldn?t leave you there **E7**

I called you down the stairs **A7**

So we could dance all the night long **D7**

We could dance holding tight girl **G7**

And even if you cried **E7**

I?d cry along tonight **A7 D7**

Girl you know it isn?t fair **D7**

How could I just leave you there **G7 D7**

Now we can dim the lights **E7**

And leave all of those tears behind **A7**

And we could dance all the night long **D7**

We could dance holding tight girl **G7**

And even if you cried **E7**

Well, I?d cry along tonight **A7 D7**

Yeah I?d cry along, you wouldn?t be alone **G7 D7**
