

Newsboys - Symphony

tom:

0-o-o-oh, o-o-o-oh

Can you hear it resonating

Staring deep within your soul?

Can you feel it, like a rhythm

And you've got to let it go?

What good are the drums if they can't be played?

What good is a heart kept within a cage?

You gave me a voice and a freedom

A joy that I don't wanna waste, don't wanna waste

[Refrão]

So let my life be, let my life be

A symphony, a symphony

Every breath that I breathe

Lord I wanna bring You glory, glory

When the nations come together

See revivals breaking out

Hallelujahs like thunder

All Your people singing out

What good is a song if it can't be sung?

We're liftin' our lives to the risen One

All of Creation and Heaven

Can never sing loud enough, loud enough

[Refrão]

So let my life be, let my life be

A symphony, a symphony

Every breath that I breathe

Lord I wanna bring You glory, glory

All for Your name (All for Your name)

All for Your grace (All for Your grace)

All that I am ringin' out like a melody

So let my life be let my life be

A symphony, a symphony

For You

0-o-o-oh, o-o-o-oh, a symphony, a symphony

This song is echoin' all through the ages

This is forever the anthem we raise

It's always been for Your glory, Jesus

Holy is Your name

What good are the drums if they can't be played?

What good is a heart kept within a cage?

[Refrão]

So let my life be, let my life be

A symphony, a symphony

Every breath that I breathe

Lord I wanna bring You glory, glory

All for Your name (All for Your name)

All for Your grace (All for Your grace)

All that I am ringing out like a melody

So let my life be, let my life be

A symphony, a symphony

For You

0-o-o-oh, o-o-o-oh, a symphony, a symphony

0-o-o-oh, o-o-o-oh, a symphony, a symphony

So let my life be, let my life be

A symphony, a symphony

For You
