

Niall Horan - Black and White

tom:

[Primeira Parte]

That first night, we were standin' at
Your door
Fumblin' for your keys, then I kissed?
You
Ask me if I wanna come inside
'Cause we didn't wanna end the night
Then you took my hand and I followed
You

[Refrão]

Yeah, I see us in black and white
Crystal clear on a starlit night
In all your gorgeous colours
I promise that I'll love you for the
Rest of my life
See you standing in your dress
Swearin' in front of all our friends
There'll never be another
I promise that I'll love you for the
Rest of my life

[Segunda Parte]

Now we're sittin' here in your livin'
Room
Tellin' stories while we share a drink
Or two
And there's a vision I've been holdin'
In my mind
We're sixty-five and you asked
When did I first know, I always knew

[Refrão]

And I see us in black and white

Crystal clear on a starlit night
In all your gorgeous colours
I promise that I'll love you for the
Rest of my life
See you standing in your dress
Swearin' in front of all our friends
There'll never be another
I promise that I'll love you for the
Rest of my life

[Ponte]

And I want the world to witness when
We finally say "I do"
It's the way you love, I gotta give
It back to you
I can't promise picket fences or sunny afternoons
But at night, when I close my eyes

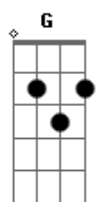

[Refrão]

I see us in black and white
Crystal clear on a starlit night
There'll never be another
I promise that I'll love you
I see us in black and white
Crystal clear on a starlit night
In all your gorgeous colours
I promise that I'll love you for the
Rest of my life
See you standing in your dress
Swearin' in front of all our friends
There'll never be another (Never be)
I promise that I'll love you for the
Rest of my life
And there'll never be another
I promise that I'll love you for the
Rest of my life
