

# Nick Cave - Breathless

tom: C [Intro 2x] C G C G F G

[Primeira Parte]

C G C  
It's up in the morning, it's on the downs C  
G F  
And little white clouds like gambolling lambs  
G C  
And I am breathless over you  
G C  
And the red-breasted robin beats his wings  
G F  
His throat it trembles when he sings  
G C  
For he is helpless before you  
G  
And the happy hooded bluebells bow  
C G F  
And bend their heads all a-down  
G C  
Heavied by the early morning dew  
G C  
At the whispering stream, at the bubbling brook  
G F  
The fishes leap up to take a look  
G C  
For they are breathless over you

[Refrão]

G  
Still your hands  
C  
And still your hearts  
G F  
For still your face comes shining through  
G C  
And all the morning glows anew  
G  
Still your mind  
C  
Still your soul  
G F  
For still, the fire of love is true  
G C ( G C G )

And I am breathless without you

C G  
The wind circles among the trees  
C G F  
And it bangs about the new-made leaves  
G C  
For it is breathless without you  
G  
And the fox chases the rabbit around  
C G F  
And the rabbit hides beneath the ground  
G C  
For he is defenceless without you  
G  
The sky of daytime dies away  
C G F  
And all the earthly things they stop to play  
G C  
For we are all breathless without you  
G  
I listen to my judgering bones  
C G F  
The blood in my veins and the wind in my lungs  
G C  
And I'm breathless without you

G  
Still your hands  
C  
And still your hearts  
G F  
For still your face comes shining through  
G C  
And all the morning glows anew  
G  
Still your soul  
C  
Still your mind  
G F  
For still, the fire of love is true  
G F C  
And I am breathless without you
