

Nick Hustles - I'm Letting Go Of The Bullshit

tom:

Gbm

I'm letting go of the bullshit
 I'm letting go of the bullshit

Letting go (letting go)

Letting go (letting go)
 Letting go

This year, I'm in my flow

Fuck anything that don't help me grow
 Fake friends, shiesty hoes

I'm letting all that bullshit go
 No negative energy on my ship

Giving as much energy as I can give
 You niggas got too many needs

Y'all be fucking up my peace
 So, I'm letting go of the bullshit
 I'm letting go of the bullshit

Letting go (letting go)

Letting go (letting go)

Letting go
 Got a bullshit job, time to let it go
 Can't trust a nigga in the squad, let it go

She only with you for your wallet size, let it go

Even family that don't respect the rise, let it go
 Can't ever dwell on it

Just cool out and roll a L on it
 Bottle of tequila and sip it slow

Letting all that bullshit go
 I'm letting go of the bullshit
 I'm letting go of the bullshit
 Letting go (letting go)

Letting go (letting go)
 Letting go

Ooh
