

# Nick Jonas - While You're Gone

tom: G [Primeira Parte]

She can't stand to spend the night alone  
 So she leaves a message on my phone  
 Broken once, the story is still unknown  
 Let it go, just let it go

And ooh-ooh, ooh, ooh-ooh, ooh

Everybody wants to see her shine  
 There's a star there's burning out tonight  
 And I'm dying just to make it right  
 Sayin' don't let go, no, don't let go

[Refrão]

When you're ready to come home  
 I'll be here with open arms  
 When you're fighting through the storm  
 There's no need to be alone  
 'Caus? I'll be waiting, I'll be waiting  
 While you'r? gone  
 While you're gone

[Segunda Parte]

There's a poison running through her head  
 Her father's words will always left for dead  
 The mirror's shattered like her confidence  
 She's beautiful, so beautiful

[Refrão]

When you're ready to come home  
 I'll be here with open arms  
 When you're fighting through the storm  
 There's no need to be alone  
 'Caus? I'll be waiting, I'll be waiting  
 While you'r? gone  
 While you're gone  
 Hum, oh-oh

[Ponte]

There's still more to say  
 So don't be gone too long  
 Keep your spirit strong  
 ( Em Am )  
 ( Em Am )

[Refrão]

When you're ready to come home  
 I'll be here with open arms  
 When you're fighting through the storm  
 There's no need to be alone  
 'Caus? I'll be waiting, I'll be waiting  
 While you'r? gone

[Final]

While you're gone, while you're gone

## Acordes
