Tell your friends not to think aloud

Do you think I could have a drink
D E G A
Since it's so hard to swallow

So hard to swallow

So turn the television off

And I will sing a song
E G
And if you suddenly have the urge
D E

You can sing along

E G
I touch your hand, I touch your face
D E
I think the fruit is rotten
E G
Give me lessons on how to breath
D E G A
Cause I think I've forgotten
E
I think I've forgotten
E G
One day, up to a cliff
D E
That overlooked the water
E G
I jumped in to save a girl
D E
It was somebody's daughter
E G
And now the ring is on my hand
D E
It was given to me by her
E G
To this day we all sit around

And dream of ways to get higher

To get much higher
