

# Nicki Minaj - Bed Of Lies

Tom: G

Do you ever think of me, when you lie? <sup>B Gb Abm</sup>  
 Lie down in your bed, your bed of lies <sup>Gb B</sup>  
 And I knew better, than to look in your eyes <sup>Gb Abm</sup>  
 They only pretend, you will be mine <sup>Gb B</sup>  
 And you know how you made me, believe <sup>E B Gb</sup>  
 You had me caught in every web, that you weaved <sup>E B Gb</sup>  
 But do you ever think of me, when you lie? <sup>B Gb Abm</sup>  
 Lie down in your bed your bed of lies <sup>Gb B</sup>

For Nicki Minaj part, play these four chords: (B, F#, G#m, F#, B )

[Nicki]

You could never make eye contact

Everything you got was based off of my contacts

You a fraud, but I'mma remain icon-stat

Balenciaga's on my boots with the python strap

(Continue...)

You was caught up in the rush, and you was caught up in the thrill of it  
 You was with me way before, I hit a quarter mil' in it  
 Put you in the crib and you ain't never pay a bill in it  
 I was killin' it, man you got me poppin' pills in it  
 I told Baby hit you, I said this nigga buggin'  
 Cause I was doing it for us, I told em fuck the public  
 Couldn't believe that I was home alone, contemplating  
 Overdosin', no more coastin', no more toastin' over oceans  
 They say you don't know what you got 'til it's gone  
 They say that your darkest hour come before your dawn  
 But there was something that I should've asked all along  
 I'mma ask on the song

[Skylar]

Do you ever think of me, when you lie? <sup>G D Em</sup>  
 Lie down in your bed, your bed of lies <sup>C D G</sup>

[Nicki]

Play these four chords (Em, C, G, D )

Em  
 I just figured if you saw me, if you looked in my eyes  
 C  
 You'd remember our connection and be freed from the lies  
 G  
 I just figured I was something that you couldn't replace  
 D  
 But there was just a blank stare and I couldn't relate  
 (Continue...)  
 I just couldn't understand and I couldn't defend  
 What we had, what we shared, and I couldn't pretend  
 When the tears roll down it's like you ain't even notice em  
 If you had a heart, I was hoping you would've showed it some  
 What the fuck you really telling me, what you telling me  
 I could tell you lying, get the fuck out, don't yell at me  
 I ain't mean to cut you, I ain't wanna catch a felony  
 This ain't How To Be A Player, you ain't Bill Bellamy  
 They say you don't know what you got 'til it's gone  
 They say that your darkest hour come before your dawn  
 But there was something that I should've asked all along  
 I'mma ask on the song

[Skylar - Bridge]

 So does she know I've been in that bed before  
 Em C G D
