If only everybody could see you

Through my eyes

Won't even pack a suitcase

I don't need anything

As long as you're beside me

B

I know that it'll be okay

We'll be okay

[Refrão]

Em

Cuz if it's us

C

Against the world we'll fight it

And win as long as we're united

Take my hand and don't you let it go now

When you're right next to me

Of when you're wrapped up in my arms

In my arms

I don't have all the answers

Not sure what we should do

But it doesn't really matter

I'm so in love with you

As long as you're beside me

I know that it'll be okay

We'll be okay

Against the world we'll fight it

[Ponte]

Em

This place is antiquated

Let's be a mystery

C

And leave the scorned and jaded

Back in our history

As long as you're beside me

I know that it'll be okay

We'll be okay

[Refrão]

Cuz if it's us

Against the world we'll fight it

When we are faced with danger

Our way out
And eyes that stare at us in anger
Take my hand and don't you let it go now
We'll find our way out

Our way out

Our way out
