

# Nicola Sedda - I Wasn't Scared

Tom: G

Light, blinding my eyes  
Images of life  
When I was a child  
It seem so far  
Words form my past  
My father's hand  
What will remain  
Memories won't fade away

In that night I've closed  
My eyes for the last time  
Neon light was warmer  
Than my weary heart  
Just one last breath  
I felt a needle in my arm  
I wasn't scared  
When I died I was so young

Hey, why can't you see  
That I'm still here?  
To touch your face

And feel your pain  
I see no smiles  
My mother's eyes  
They're full of tears  
She cried for one year

In that night I've closed  
My eyes for the last time  
Neon light was warmer  
Than my weary heart  
Just one last breath  
I felt a needle in my arm  
I wasn't scared  
When I died I was so young

And I fly, fly...  
And I fly, fly...  
And I fly, fly...  
And I fly, fly...  
Through the light  
The final horizon  
Is something deep inside  
I live it for the first time  
This love is just for you  
Just for you
