

Nicola Sedda - In Another Life

Tom: G

Everything ^C seems to have no order ^G
^C What kind of life is this?
^C Where is your god when people need him?
^C When they need love among their fears
^G There's no more way to understand
^G Close your eyes
^D Follow the light and find peace
^C Maybe in another time
^G And I'll be there for you
^D Into another space and time or
^G In another life
^C There's too much pain made under silence
^C And it's too hard to see their tears
^C

Anytime I feel so suffocated
^C When for them death becomes a need ^G
^G There's no more faith in a world of hate ^D
^G Close your eyes
^D Follow the light and find peace
^C Maybe in another time
^G And I'll be there for you
^D Into another space and time or
^G In another life
^G When the time will come we'll be alone ^D
^C And we'll say goodbye to you once more
^G We'll never know to be so loved
^G But a new life will call
^G In another life
^G In another life
