Butterflies in my tummy
Each time you cross my mind
                  Dbm
What a spell you?ve cast
         Gb
I feel home at last hmm
Won?t you come a little closer dear?
               В
La-la-linger in my thoughts
Your eyes, that beautiful smile
                 Dbm
Help me oh baby I feel lost so lost
        В
How can I explain?
When they ask me I?m clueless
  Ahm
So clueless
No I can?t even say your name
                 Dbm
Without losin?g my breath
    Gb
Oh my breath
A little ways down the road
               Gb
When I bump into you
              Ab
Accidentally on purpose
I?ll tell you I?m smitten
Dreams I been sittin? and knittin?
