I feel like I'm losing hope

In my body and my soul

My cries are inconspicuous

Am G C F
Tell me, God, are you punishing me?

I need you more than ever right now

Can you hear me now?

Am
'Cause we're gonna shout it loud
F
Even if our words seem meaningless
C G E7
It's like I'm carrying the weight of the world
Am
I wish that someday, somehow
F
That I can save everyone of us
C G
But the truth is that I'm only one girl

Am G F G
Maybe if I keep believing my dreams will come to life
Am
Come to life
(Am F Am F)

Am
After all the laughter fades
F
Signs of life all washed away
C G E7
I can still, still feel a gentle breeze
Am
No matter how hard I pray
F
Signs of warning still remain

And life has become my enemy
